TECHNICAL SKILLS

- **Operating Systems:** Windows 10/11, Windows Server (Basic setup).
- **Server Administration:** Active Directory (AD DS), User Account & Password Management, Group Policy Objects (GPO).
- **Core Network Services:** Basic configuration of DHCP, DNS, and IP Addressing.
- **Web & Software Development:** Basic Angular (TypeScript), Node.js (Express Basics, REST API Fundamentals), C# Desktop Apps, JavaScript, HTML5/CSS3

SOFT SKILLS

- Teamwork & Collaboration
- Problem-Solving
- Communication

LANGUAGES

- Khmer — Native
- English — Intermediate

ABOUT ME

Motivated 3rd-year Management Information System (MIS) student at SETEC Institute. Eager to leverage technical knowledge in Windows Server, Exchange Server, Active Directory, web technologies (Angular, Node.js) and hardware/network troubleshooting to deliver reliable technical assistance and maintain smooth IT operations.

WORK EXPERIENCE

SETEC INSTITUTE COURSEWORK

Windows Server & Active Directory

- Configured Windows Server in a virtualized lab environment (VMware).
- Set up Active Directory Domain Services (AD DS) to create, manage, and assign permissions for user accounts and organizational units (OUs).
- Applied Group Policy Objects (GPOs) to enforce basic security settings and desktop configurations across domain-joined machines
- Configured DHCP scope options to dynamically assign IP parameters and verified DNS name resolution.

Desktop Management & Database Application

- Developed a desktop application using C# (Windows Forms) connected to Microsoft SQL Server.
- Configured local database connections, implemented CRUD (Create, Read, Update, Delete) features, and managed user access permissions.

Web Development

- Developed basic single-page web application interfaces using Angular TypeScript.
- Built basic backend services using Node.js and Express to understand RESTful API communication and server-side request handling.

EDUCATION

Bachelor in Management Information System (MIS)

SETEC Institute (2024-PRESENT)

- Relevant Coursework: Database Systems, Computer Networks, Systems Analysis & Design, Programming , IT Infrastructure
- Certificate of founsation year course GPA 3.6
